Nestled on 12 oceanfront acres in the heart of Los Cabos, Cabo Azul embodies the true destination resort experience with fine dining, lavish villa suite amenities and captivating design elements. Throughout the award-winning property, whimsical waterscapes, flaming sculptures and playful light compositions complement the serene beach landscape.

Sleek and spacious one- to three-bedroom villas feature luxurious baths with spa tubs, fully equipped kitchens, large living and dining areas and private terraces—many with ocean views. Acclaimed Paz Body & Mind Spa, a seaside sanctuary with cascading waterfalls, plush lounge areas and a long list of soothing treatments, invites couples to take the pampering experience a step further.

During the day, guests can unwind at the resort’s tri-level infinity swimming pool, quenching their thirst at the swim-up bar and

restaurant, Flor de Noche. Come nighttime, upscale Javier’s Restaurant serves regionally influenced Mexican cuisine using only the freshest ingredients.

Assisted by the onsite coordinator, couples can say and celebrate their vows in El Corazon, an open-air, five-story chapel complete with torch lit water walls and panoramic views of the Sea of Cortez—a most inspirational setting for a Los Cabos dream wedding.
