Dessert Bar

The difference between a dessert bar and desserts included in your menu or buffet is the variety. The dessert bar will include 6 different desserts and they are available throughout your reception. If you choose to have a Dessert Bar, there is an additional cost of \$10.00 USD to the Buffet and \$15.00 USD to the Plated Menu.

Wedding Cake

The most popular flavors are:

- Devils Chocolate Cake with a Creamy Chocolate Ganache infused with Kahlua
- Amaretto Cake with French Cream Filling
- Vanilla Cake with Key Lime Filling
- Banana Cake with "Dulce de Leche" French Cream
- Tropical Carrot Cake with Orange Scented Cream Cheese Filling

Please feel free to ask for additional flavors.

Bar Services

Bar Services are charged based on consumption. Open bar options are not available. Cork fees are also not available.

The minimum guaranteed bar consumption is the Domestic Bar \$ 48.00 USD plus applicable tax and service charge per person. The bar is based on consumption. If at the end of the event, the consumption is less than the guaranteed amount, the difference will be charged.

This minimum will apply for those parties who don't specifically drink alcohol, in order to confirm an event at Cabo Azul Resort.

Sample:

Wedding reception for 50 guests = 50 x \$ 48.00 USD = \$ 2,400.00 USD + tax + service

This is the minimum amount that you could spend, however an additional amount for extra bar may be needed.

Type of Bar

Domestic Brands (Mexico) - \$ 48.00 USD minimum guarantee

International Brands - \$ 66.00 USD minimum guarantee

Customized – pricing determined by the brands you choose, feel free to customize the bar service for your wedding reception.

Wine for Dinner

It is not mandatory for you to include wine during your dinner reception but it is recommended. The Food and Bar Guide includes a wine selection for you to review and choose from.

Be aware that wine is not part of the domestic/international bar requirement. Should you require to have wine, it is necessary to guarantee a specific number of bottles for your wedding.

Cost of Wine

The average cost is \$ 38.00 USD per bottle (red or white), we can estimate the consumption as follows:

Cost of wine per bottle:	\$ 38.00 USD
Glasses per bottle:	4
Average Consumption per person:	2 glasses
Average Cost of wine per person at dinner:	\$19.00

We suggest to consider at least one glass of red wine and also one glass of white wine per person.

Weddings by CABO AZUL

Champagne for Toasting

One glass of champagne for toasting is a tradition at every wedding. The standard brand that we use is Rene Barbier, however it is recommended that you review the list and let us know if you prefer another brand. The formula to estimate this cost is as follows:

Cost of champagne per bottle:	\$ 45.00 USD
Flutes per bottle:	5
Consumption per person:	1 flute
Cost of champagne per person at dinner:	\$ 9.00

Considering the 3 options described above (domestic or international bar), plus wine for dinner and champagne for toasting, your bar selections will be complete at all times during your wedding event:

Estimated cost of domestic bar:	\$ 48.00
Estimated cost of wine for dinner:	\$ 19.00
Estimated cost of champagne for toasting:	\$ 9.00
Estimated cost of domestic bar:	\$ 76.00 USD plus tax and service
Estimated cost of international bar:	\$ 66.00
Estimated cost of wine for dinner:	\$ 19.00
Estimated cost of champagne for toasting:	\$ 9.00
Estimated cost of international bar:	\$ 94.00 USD plus tax and service

Reiterating, our bar services are on consumption so these figures may change depending on consumption habits, brands and length of event (cocktail hour/dinner/dancing estimated at 5 hours). The important issue here is that since it is included within the estimate cost of your bar, you become responsible to approve it because the figures shown in your estimate are actually the budgets we will use for your wedding event.

Additional Notes Regarding Your Bar Service

It is your responsibility to check your bar every hour during your event in order to keep the budget under control.

Having said that, some questions need to be answered by you at your earliest convenience:

1. What do you want us to do if the bar budget is reached before the conclusion of the event?
 - Should we change to cash bar so every guest starts paying for drinks?
 - Would you like to pre authorize an additional budget?
 - Would you like to decide at the moment?
(Please note that we inform our clients about this when the bar budget is close to the limit not at the time is \$ 0.00)
2. How do we proceed if one of your guests order an expensive drink or a drink that is not considered in the bar you want to offer:
 - Should we deny it?
 - Do we serve it and gently inform your guest that it will be billed to him directly?
 - Should we add it to your master account?

Weddings *by* CABO AZUL
